TRUSTED PURITY

Recycling at its best

Premium quality transformer
and special oils

H·C·S GROUP

The sustainable EOS „Closed-Loop“ model: Collect - Recycle - Deliver

Recycling pays off!

Electrical Oil Services is your partner for the disposal of insulating and transformer oil. As a certified waste management company, we carry out your orders properly, professionally and reliably. We attach great importance to the continuing education of our personnel and our logistics partners in order to meet all the requirements of the German Water Resources Act (WHG). With our own mobile units and trained logistics partners, we are able to remove oil from all types of transformers, turbines or tanks on your premises.

As an experienced waste management company, proper handling and documentation is a matter of course for us and is NOT charged separately!

As a specialist for the disposal of insulating oils, we ensure a legally compliant processing of disposal orders. According to §6 KrWG (German Law on Life-Cycle Management), our process represents the highest recycling level.

Certified waste management company

- ◆ Disposal company no.: E 11215642/ 5
- ◆ Specialist disposal company: ZR no. 014000101462
- ◆ Exemption no.: FRE1TRF00001
- ◆ ISO 9001:2015 (quality management)

Processing into as-new oil

Specialising in a few types of waste oils enables us to use modern, specific processing technologies. In our facilities, we recycle oil into high-quality insulating and base oils, which we distribute to a variety of industries. We are able to recycle our naphtha-based oils Cradle to Cradle (C2C) into as-new transformer oil according to IEC 60296:2020 Type B.

Comprehensive services from a single source

As a full-service partner, we support you out of our three locations throughout Europe. We take care from the filling of your transformers, through regular inspection via oil sampling and analysis to life-cycle service and disposal of your end-of-life oils. Thanks to our many years of experience in the oil industry, we can advise you comprehensively on the use of our base oils.

Large and small customers from a variety of industries and the energy supply sector have trusted our products and services for many years.

At a glance

Oil Disposal

- Collection of used oil
- Legally compliant processing of disposal orders
- Oil transport
- Temporary oil storage

Oil Recycling

- Stationary oil regeneration, mobile oil processing and regeneration
- Cradle to Cradle (C2C) recycling of insulating oil

Oil Sales

- Naphthenic base oils
- Recycled base oils
- Recycled transformer oils according to IEC 60296:2020 Type B
- New transformer oils according to IEC 60296:2020 Type A

Consultation and Services

- Oil sampling on site and oil sample analysis in the EOS laboratory
- Advice on the use of naphthenic base oils
- Condition assessment and recommendation for action for transformer oils

About EOS

Electrical Oil Services (EOS) is a key brand of HCS Group GmbH and a leading supplier of both regenerated and unused electrical insulating oils and associated services in Europe. EOS specialists have 60 years' experience in the production and marketing of insulating oils and supply both large and small customers in the electricity supply industry with tailor-made solutions.
