Our business partners contribute significantly to our success and we see a common understanding of ethical and sustainable action as an essential basis for this.

The ”HCS Group Code of Conduct for Business Partners” is based on the HCS Group Code of Conduct and is founded on the principles of internationally recognised standards for responsible corporate management. For us, the requirements and principles of this Code of Conduct are an essential part of any relationship. We therefore expect our business partners to fully comply with applicable laws and to recognize, support and comply with internationally recognized environmental, social and corporate governance standards.
